# Finans Asset Management proudly presents... Exchange Traded Funds.

Exchange Traded Funds founded by Finansbank make it easy for you to invest into gold, silver, currency, bonds and stocks since 2005.

- Exchange Traded Funds are traded just like stocks.
- ETFs are traded through all licensed brokerage firms and banks with access to the Istanbul Stock Exchange.
- ETFs are traded with narrow spreads.
- Investors can monitor the price moves continuously during trading hours.
- Management fees are low.
- Gold and Silver holdings are physically stored at the Istanbul Gold Exchange.
- ETFs' portfolio compositions are published on a daily basis on the websites of ETFs.
